Presidents Report

Hi everyone,

Well here I am in May and one of the busiest months of the year for me, but also a very exciting one. The quarterly at Crookwell is shaping up to be a good one with the combination of having the Camp Oven Cook Off a social Saturday night with a great trivia planned with amazing prizes (big thanks to ARB) and the local Lions club cooking Sunday breakfast and then the meeting, it just doesn't get any better than that. If you still haven't booked JUST DO IT I guarantee that you will not regret it. It is the start of a busy week for me as I will be flying to Broken Hill first thing Monday morning with Parks for a meeting and site visit to Mutawintji National Park and a quarterly meeting and back on Wednesday night, really looking forward to this as the park has just been upgraded with joint management between Parks and the local Aboriginal people. It will be interesting to hear first hand how this worked out. A bit of a break then a quick day trip to Brisbane to attend a AAAA conference on the impact of aftermarket accessories being fitted to new vehicles with avoidance capabilities, all new cars from 2025 will have this so it is important that we know what effect bull bars, lights and aerials have on these systems. Hoping to see a lot of you at Crookwell around a very large fire as it is looking to be a bit cool,
cheers.
Craig Thomas
President.

Do you have questions about CVS?

We are seeing an increase in requests because there are many models starting to turn 30. Any vehicle manufactured in 1993 or earlier is eligible, regardless of the month of manufacture.

These "newbies" are initially looking for cheap rego for their 30 + year old vehicle. They may or may not become active members of your club, regardless they pay full membership fees and add no additional costs to your club.

The registered owner of the vehicle **MUST** be a member of an affiliated club to be eligible for CVS. For clubs that have not thought about doing this, there is no down side to increasing your membership with Conditionally Registered Vehicles.

Basically your club needs a stamp like this with its own details.

(This is a link to a Clever website, but these stamp are available from most print shops and Officeworks RRP \$70)

I refer prospective new members to the Club Directory. You should update your details on the search section so they can find your club.

FOR CLUBS - (CVS)

How to handle classic vehicle scheme applications.

The member should fill in sections 1 and 2 of the Classic Vehicle Declaration
Please do not fill in or sign section 3 of that form. This is for the ACMC to fill in and sign as they are your approved organisation and the authorised person.

No signature is required - only the club stamp.

The primary club, i.e., your club, should simply stamp the lower right hand box to signify that the applicant is a financial member of your club, and their vehicle is

- Under 3500kg
- over 30 years old (year of manufacture)

Without that stamp the form cannot be processed. The stamp should be legible.

Your club stamp should include this information:

- Club name
- Incorporation Number
- Logo (optional)
- Address or phone number

Once the form has been stamped, simply return the form to the member and they will take the next step.

It is important that your club process the paperwork quickly as a blue slip is only valid for 42 days.

The applicant then sends the ORIGINAL Classic Vehicle Declaration (No.1835) filled in as above, a COPY of the pink or blue slip with payment to the ACMC for processing.
